PHILOSOPHY

Preface

This handbook is to clarify and establish policies and proper procedures for the Crothersville Junior Senior High School Athletic Department. It is expected that you read this handbook closely, follow the policies and procedures as outlined, and bring your suggestions for improvement of the sports program to the attention of the Athletic Director or any member of the Athletic Council.

Statement of Philosophy

It is the sincere belief of the Athletic Council of Crothersville Junior-Senior High School that athletics is an enjoyable, gratifying and rewarding experience. It is that part of the total educational program that allows not only that application of the intellect, but also the complete involvement of the physical skills an individual may possess. Athletics offer the opportunity for the students to dedicate themselves completely to the goals and ambitions they might desire. He/She will experience the joys of victory or the satisfaction of giving his/her all and sometimes will come to know the heartache of defeat. No other phase of the educational program can offer the student the complete experiences that athletics provide.

We encourage each of our athletes to take from athletics all it might have to offer you as an individual; but the rewards received from an athletic program correlate directly with what you, the athlete, are willing to give of yourself to that program. If the program is worth the time and effort required, then it is certainly worth giving your all. No athlete has ever experienced total satisfaction without living with the concepts of discipline. You will be asked to make sacrifices for something that you believe in. We hope that you find the Crothersville Athletic Program a totally rewarding experience, but we again emphasize that you will get out of the program what you are willing to put into it. We will offer to you the sacrifices and disciplines that we feel are essential to successful athletics. The acceptance or rejection of these concepts is a decision that each of you must make individually.

As a member of one of our athletic teams you are a part of a program that has become a way of life for the members of the Athletic Council. It is our sincere desire to be of assistance to each of you in any manner that we can. Please feel free to discuss your problems or frustrations with any member of our council.

CODE OF CONDUCT

The code of sportsmanship is followed by the students who participate in athletics.

You, as athletes, are generally the leaders of student opinion, and your followers are easily impressed. Misbehavior by a few athletes can ruin the favorable image athletes should create for the school and for the community.

Conduct in Participation:

In any athletic event there is “1” outcome we are striving for—TO WIN. Regardless of the final score, all Crothersville Athletes will act like winners.

Act like a Winner:

It is good sportsmanship to congratulate your opponent after an event.

An athlete does not display fits of temper, clowning, etc. when things fail to go as desired. A true athlete has complete control of him/herself at all times.

Officials do not lose a game for you. No one except the appointed captain talks to the officials. He/She should speak in a tone of respect and only to ask questions for full clarification of a violation.

Any behavior contrary to that, which has been stated, will not be tolerated.

Conduct on Road Trip:

On trips, athletes directly represent the community, school, and coaches. Therefore, it is expected that all concerned will act in an acceptable manner when traveling and conduct themselves on the bus and in public by the rules. Equipment and facilities of the opposing school will be respected and cared for just like personal equipment.

Conduct in the Classroom:

An athlete should give respectful attention to classroom activities and show respect for students and faculty members at all times. Never be disruptive or distracting.

IHSAA Eligibility

All athletes must adhere to the standards and rules established by the I.H.S.A.A. (Filed in the Principal's and Athletic Director's offices)

1. **Physical Exams:** Each Participant must have the Indiana High School Athletic Association Student/Parents/Physician Certificate on file with the Athletic Director before his/her first practice.
2. **Medical Coverage:** Student Accident Insurance paid by the parents or a waiver signed by the parents stating that the student is adequately insured must be on file with the Athletic Director before the first practice. The high school does not carry medical insurance on athletes. Through school membership in the IHSAA, the athlete is covered by a basic catastrophic policy. If the injured athlete incurs over \$25,000 in medical expenses within one year of injury and a claim is reported in writing to the Athletic Director, the policy is activated.

"THE SCHOOL DOES NOT PROVIDE INSURANCE COVERAGE FOR THE ATHLETES"

3. **Age:** A student who is or shall be (20) twenty years of age prior to or on the scheduled date of the IHSAA state finals in a sport shall be eligible for interschool athletic competition in that sport; a student who is nineteen (19) years of age on the scheduled date of the IHSAA state finals in a sport shall be eligible as to age for interschool competition in that sport.

4. **Enrollment-Scholarship:** All participants must be bona-fide students. To be eligible scholastically, students must have received passing grades at the end of their last grading period in school in at least seventy percent (70%) of the maximum number of full credit subjects (or the equivalent) that a student can take.
5. **Amateurism:** All athletes must be amateurs. (Students shall not play under assumed names nor accept money or merchandise, directly or indirectly, for athletic participation.)
6. **Outside Participation:** A student who participates in an athletic contest of any other similar team during that same season in which the athlete represents his/her school will become ineligible to compete on his/her high school team in that sport.
7. **Completion of Season:** If an athlete quits or is suspended for disciplinary action, he/she cannot practice for another sport until the final contest of that sport season.
8. **Athlete Attendance at Practice:** A student must be in regular attendance in the sport that they actively participate in. Any student missing five (5) to ten (10) consecutive days must have four (4) practices before competing in the next scheduled contest. Any student missing more than ten (10) consecutive days must have six (6) practices before competing in the next scheduled contest. Athletes must have 10 consecutive practices prior to the first official contest in order to participate.
